Subject: Transmittal of copy of 2001 relocation package to EPA

Dear Rob:

At Wendy Thomi's request, I am enclosing a copy of the residential relocation packet that CDM put together for the Libby site last year. We handed this packet out to residents during interviews in their homes. The idea was to leave the resident with a packet of material that they could refer to for relocation specifics after we were gone. The original packet also included a few fact sheets, to give them some background material.

With the exception of the summary sheet in the front of the packet, all the packets were identical. The summary sheet was prepared individually to reiterate the sampling schedule for each resident and the information we knew about them (number of pets or kids, hotel preference, smoking preference, etc.).

I hope this is helpful to you. Please let me know, if you need anything else.

Very truly yours,

Karen Ekstrom
